1. INTRODUCTION

Safeguarding is defined as protecting children from maltreatment, preventing impairment of health and/or development, ensuring that children grow up in the provision of safe and effective care and taking action to enable all children to have the best life chances.

This Child Protection Policy forms part of a suite of documents and policies which relate to the safeguarding responsibilities of the provision.

In particular this policy should be read in conjunction with the Safeguarding Policy, Safer Recruitment Policy, Behaviour Policy, Physical Intervention Policy, Anti-Bullying Policy, Code of Conduct/Staff Behaviour Policy, E-safety Policy and ICT Acceptable Usage Policy.

Purpose of a Child Protection Policy To inform staff, parents, volunteers and Management Committee about the provisions responsibilities for safeguarding children.

To enable everyone to have a clear understanding of how these responsibilities should be carried out.

Hertfordshire Safeguarding Children Board Inter-agency Child Protection and Safeguarding Children Procedures The provision follows the procedures established by the Hertfordshire Safeguarding Children Board; a guide to procedure and practice for all agencies in Hertfordshire working with children and their families.
www.hertssafeguarding.org.uk

Staff & Volunteers

All staff have a responsibility to provide a safe environment in which young people can learn.

Staff and volunteers are particularly well placed to observe outward signs of abuse, changes in behaviour and failure to develop because they have daily contact with the young people.

All staff will receive appropriate safeguarding training (which is updated regularly – Hertfordshire Safeguarding Children Board advises every three years), so that they are knowledgeable and aware of their role in the early recognition of the indicators of abuse or neglect and of the appropriate procedures to follow. In addition all staff members should receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.

Temporary staff and volunteers will be made aware of the safeguarding policies and procedures by the Designated Senior Person-including Child Protection Policy and staff behaviour policy (code of conduct).

Mission Statement

Establish and maintain an environment where young people feel secure, are encouraged to talk, and are listened to when they have a worry or concern.

Establish and maintain an environment where staff and volunteers feel safe, are encouraged to talk and are listened to when they have concerns about the safety and well-being of a young person.

Ensure children know that there are adults in the school whom they can approach if they are worried.

Ensure that children, who have additional/unmet needs, are supported appropriately. This could include referral to early help services or specialist services if they are a child in need or have been / are at risk of being abused and neglected.

Consider how young people may be taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum.

Staff members working with children are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a young person, staff members should always act in the interests of the young person.

2. STATUTORY FRAMEWORK

Implementation, Monitoring and Review of the Child Protection Policy

The policy will be reviewed annually by the management committee. It will be implemented through the provisions induction and training programme, and as part of day to day practice. Compliance with the policy will be monitored by the Designated Senior Person and through staff performance measures.

Working Together to Safeguard Children (DfE 2015) requires each provision to follow the procedures for protecting children from abuse which are established by the Hertfordshire Safeguarding Children Board.

Provisions are also expected to ensure that they have appropriate procedures in place for responding to situations in which:

- (a) a young person may have been abused or neglected or is at risk of abuse or neglect
- (b) a member of staff has behaved in a way that has, or may have harmed a young person or that indicates they would pose a risk of harm.

- Where children leave the provision, ensure the file for safeguarding and any child protection information is sent to any new school /college as soon as possible but transferred separately from the main pupil file.
- Schools should obtain proof that the new school/education setting has received the safeguarding file for any young person transferring and then destroy any information held on the young person in line with data protection guidelines (see Record keeping Guidance on Hertfordshire Grid for Learning for further information).

4. The Management Committee

Management Committee must ensure that they comply with their duties under legislation. They must also have regard to this guidance to ensure that the policies, procedures and training in the provision are effective and comply with the law at all times.

The nominated committee member for child protection is:

NAME: Nik Pringle

- Their contribution to inter-agency working, which includes providing a coordinated offer of early help when additional needs of children are identified.

Additional information to support governing bodies and proprietors is provided in Annex C of **Keeping Children Safe in Education (DFE 2016)**- available at http://www.thegrid.org.uk/info/welfare/child_protection/policy/national.shtml
- Having a senior board level lead to take leadership responsibility for the organisation's safeguarding arrangements.

5. WHEN TO BE CONCERNED

A child centred and coordinated approach to safeguarding:

Safeguarding and promoting the welfare of children is **everyone's responsibility**. In order to fulfil this responsibility effectively, all professionals should make sure their approach is **child centred**. This means that they should consider, at all times, what is in the best interests of the young person.

The provision and staff form part of the wider safeguarding system for young people. This system is based on the principle of providing help for families to stay together where it is safe for the young person to do so, and looking at alternatives where it is not, whilst acting in the **best interests** of the young person at all times.

Children who may require early help

Families First is Hertfordshire's programme of early help services for families.

A directory of early help services is available at www.hertfordshire.gov.uk/familiesfirst and will help practitioners and families find information and support to prevent escalation of needs and crisis.

All staff should be aware of the **early help process**, and understand their role in identifying emerging problems, sharing information with other professionals to support early identification and assessment of a young person's needs. It is important for young people to receive the right help at the right time to address risks and prevent issues escalating. This also includes staff monitoring the situation and feeding back to the Designated Senior Person any ongoing/escalating concerns so that consideration can be given to a referral to Children's Services (Safeguarding and Specialist Services) if the young person's situation doesn't appear to be improving.

Staff and volunteers working within the School should be alert to the potential need for early help for children also who are more vulnerable. For example:

- **Children with a disability and/or specific additional needs.**
- **Children with special educational needs.**
- **Children who are acting as a young carer.**
- **Children who are showing signs of engaging in anti-social or criminal behaviour.**
- **Children whose family circumstances present challenges, such as substance abuse, adult mental health or learning disability, domestic violence**
- **Children who are showing early signs of abuse and/or neglect.**

Provision staff members should be aware of the main categories of maltreatment: **physical abuse, emotional abuse, sexual abuse and neglect**. They should also be aware of the indicators of maltreatment and **specific safeguarding issues** so that they are able to identify cases of young people who may be in need of help or protection.

See Appendix 4 for information on indicators of abuse and Appendix 1 for specific safeguarding issues.

Young people with special educational needs and disabilities:

Additional barriers can exist when recognising abuse and neglect in this group of young people.

This can include:

- ❖ Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the young person's impairment without further exploration;
- ❖ Assumptions that children with SEN and disabilities can be disproportionately impacted by

things like bullying- without outwardly showing any signs;

- ❖ Communication barriers and difficulties
- ❖ Reluctance to challenge carers, (professionals may over empathise with carers because of the perceived stress of caring for a disabled young person).
- ❖ Disabled young people often rely on a wide network of carers to meet their basic needs and therefore the potential risk of exposure to abusive behaviour can be increased.
- ❖ A disabled young person understands of abuse.
- ❖ Lack of choice/participation
- ❖ Isolation

Peer on peer abuse

Education settings are an important part of the inter-agency framework not only in terms of evaluating and referring concerns to Children's Services and the Police, but also in the assessment and management of risk that the young person may pose to themselves and others in the education setting.

If one young person causes harm to another, this should not necessarily be dealt with as abuse. When considering whether behaviour is abusive, it is important to consider:

- Whether there is a large difference in power (for example age, size, ability, development) between the young people concerned; or
- whether the perpetrator has repeatedly tried to harm one or more other young person; or
- Whether there are concerns about the intention of the alleged perpetrator.

Peer on peer abuse can manifest itself in many ways and different gender issues can be prevalent. Severe harm may be caused to young people by abusive and bullying behaviour of other young people, which may be physical, sexual or emotional and can include gender based violence/ sexual assaults, sexting, teenage relationship abuse, peer-on-peer exploitation, serious youth violence, sexual bullying or harmful sexual behaviour.

Hertfordshire County Council recommends that education settings use The Sexual Behaviours Traffic Light Tool by the Brook Advisory Service to help professionals; assess and respond appropriately to sexualised behaviour. The traffic light tool can be found at www.brook.org.uk/our-work/the-sexual-behaviours-traffic-light-tool.

Guidance on responding to and managing sexting incidents can be found at http://www.thegrid.org.uk/info/welfare/child_protection/reference/index.shtml#sex

6. DEALING WITH A DISCLOSURE

If a young person discloses that he or she has been abused in some way, the member of staff / volunteer should:

- Listen to what is being said without displaying shock or disbelief
- Accept what is being said
- Allow the young person to talk freely
- Reassure the young person, but not make promises which it might not be possible to keep
- Never promise a young person that they will not tell anyone - as this may ultimately not be in the best interests of the young person.
- Reassure him or her that what has happened is not his or her fault
- Stress that it was the right thing to tell
- Listen, only asking questions when necessary to clarify
- Not criticise the alleged perpetrator
- Explain what has to be done next and who has to be told
- Make a written record (see Record Keeping)
- Pass the information to the Designated Senior Person without delay

Support

Dealing with a disclosure from a young person, and safeguarding issues can be stressful. The member of staff/volunteer should, therefore, consider seeking support for him/herself and discuss this with the Designated Senior Person.

If a provision staff member receives a disclosure about potential harm caused by another staff member, they should see section 11 of this policy– *Allegations involving school staff/volunteers.*

7. RECORD KEEPING

All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements staff should discuss with the designated safeguarding lead.

When a young person has made a disclosure, the member of staff/volunteer should:

- Record as soon as possible after the conversation. Use the school record of concern sheet wherever possible. (pro-forma available on the Hertfordshire Grid for Learning)

- Do not destroy the original notes in case they are needed by a court
- Record the date, time, place and any noticeable non-verbal behaviour and the words used by the child
- Draw a diagram to indicate the position of any injuries
- Record statements and observations rather than interpretations or assumptions

All records need to be given to the Designated Senior Person promptly. No copies should be retained by the member of staff or volunteer.

The Designated Senior Person will ensure that all safeguarding records are managed in accordance with the Education (Pupil Information) (England) Regulations 2005.

If a young person has been the subject of a child protection plan changes school, the Designated Senior Person will inform the social worker responsible for the case and transfer the appropriate records to the Designated Senior Person at the receiving school, in a secure manner, and separate from the child's academic file.

8. CONFIDENTIALITY

Safeguarding children raises issues of confidentiality that must be clearly understood by all staff/volunteers.

- All staff, both teaching and non-teaching staff, have a responsibility to share relevant information about the protection of a young person with other professionals, particularly the investigative agencies (Children's Services: Safeguarding and Specialist Services and the Police).
- If a young person confides in a member of staff/volunteer and requests that the information is kept secret, it is important that the member of staff/volunteer tell the young person in a manner appropriate to the age/stage of development that they cannot promise complete confidentiality – instead they must explain that they may need to pass information to other professionals to help keep the young person or other young person safe. This may ultimately not be in the best interests of the young person.
- Staff/volunteers who receive information about young people and their families in the course of their work should share that information only within appropriate professional contexts.

9. SCHOOL PROCEDURES

Please see Appendix 3: What to do if you are worried a child is being abused: flowchart.

If any member of staff is concerned about a young person he must inform the Designated Senior Person. The Designated Senior Person will decide whether the concerns should be referred to Children's Services: Safeguarding and Specialist Services. If it is decided to make a referral to Children's Services: Safeguarding and Specialist Services this will be discussed with the parents, unless to do so would place the child at further risk of harm.

While it is the DSPs role to make referrals, any staff member can make a referral to Children's Services. If a young person is in immediate danger or is at risk of harm (e.g. concern that a family might have plans to carry out FGM), a referral should be made to Children's Services and/or the Police immediately. Where referrals are not made by the DSP, the DSP should be informed as soon as possible.

If a **teacher** (persons employed or engaged to carry out teaching work at schools and other institutions in England), in the course of their work in the profession, discovers that an act of Female Genital Mutilation (FGM) appears to have been carried out on a girl under the age of 18 the **teacher** must report this to the police. **This is a mandatory reporting duty.** See Appendix 1- Keeping Children Safe in Education (DfE 2016): Annex A for further details.

Hertfordshire Children's Services (including out of hours) 0300 123 4043.

If the allegations raised are against other young person, the provision should follow section 4.4 of the Hertfordshire Safeguarding Children Board Procedures Manual – Children Who Abuse Others . Please see the provisions anti-bullying policy for more details on procedures to minimise the risk of peer on peer abuse.

The member of staff must record information regarding the concerns on the same day. The recording must be a clear, precise, factual account of the observations using the record of concern proforma which can be found in the staff shared drive.

Particular attention will be paid to the attendance and development of any young person about whom the provision has concerns, or who has been identified as being the subject of a child protection plan and a written record will be kept.

If a young person who is/or has been the subject of a child protection plan changes school, the Designated Senior Person will inform the social worker responsible for the case and transfer the appropriate records to the Designated Senior Person at the receiving school, in a secure manner, and separate from the child's academic file.

The Designated Senior Person is responsible for making the senior leadership team aware of trends in behaviour that may affect pupil welfare. If necessary, training will be arranged.

10. COMMUNICATION WITH PARENTS

Roman Fields will ensure the Child Protection Policy is available publicly via the website, or a copy is available upon request.

Parents should be informed prior to referral, unless it is considered to do so might place the young person at increased risk of significant harm by:

- The behavioural response it prompts e.g. a young person being subjected to abuse, maltreatment or threats / forced to remain silent if alleged abuser informed;
- Leading to an unreasonable delay;
- Leading to the risk of loss of evidential material;

The provision may also consider not informing parent(s) where it would place a member of staff at risk.

Ensure that parents have an understanding of the responsibilities placed on the provision and staff for safeguarding children.

11. ALLEGATIONS INVOLVING SCHOOL STAFF/VOLUNTEERS

An allegation is any information which indicates that a member of staff/volunteer may have:

- Behaved in a way that has, or may have harmed a young person.
- Possibly committed a criminal offence against/related to a young person.
- Behaved towards a young person or young people in a way which indicates s/he would pose a risk of harm if they work regularly or closely with young people.

This applies to any young person the member of staff/volunteer has contact within their personal, professional or community life.

What school or college staff should do if they have concerns about safeguarding practices within the provision.

All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the provision or education setting's safeguarding arrangements. Appropriate whistleblowing procedures, which are suitably reflected in staff training and staff behaviour policies, should be in place for such concerns to be raised with senior leadership team.

If staff members have concerns about another staff member then this should be referred to the Head Teacher. Where there are concerns about the Head Teacher, this should be referred to the Chair of the Management Committee.

The Chair of Governors in this school is:

NAME:

Email:

Eugene Billeter

Eugene.billeter@romanfields.herts.sch.uk

In the absence of the Chair of Governors, the Vice Chair should be contacted. The Vice Chair in this school is:

NAME:

Email:

Nik Pringle

Nik.Pringle@romanfields.herts.sch.uk

In the event of allegations of abuse being made against the Head Teacher where a staff member feels unable to raise an issue with the Chair/Vice Chair of the management Committee, or feels that their genuine concerns are not being addressed, allegations should be reported directly to the Local Authority Designated Officer (LADO). Staff may consider discussing any concerns with the Designated Senior Person, if appropriate. (See Keeping Children Safe in Education: Part Four, DfE 2016, for further information).

The person to whom an allegation is first reported should take the matter seriously and keep an open mind. S/he should not investigate or ask leading questions if seeking clarification; it is important not to make assumptions. Confidentiality should not be promised and the person should be advised that the concern will be shared on a 'need to know' basis only.

Actions to be taken include making an immediate written record of the allegation using the informant's words – including time, date and place where the alleged incident took place, brief details of what happened, what was said and who was present. This record should be signed, dated and immediately passed on to the Head Teacher.

The recipient of an allegation must **not** unilaterally determine its validity, and failure to report it in accordance with procedures is a potential disciplinary matter.

The Head Teacher/Chair of Management Committee will not investigate the allegation itself, or take written or detailed statements, but will assess whether it is necessary to refer the concern to the Local Authority Designated Officer:

Children's Services – 03001234043

SOOHS (Out of Hours Service-Children's Services) – 03001234043

If the allegation meets any of the three criteria set out at the start of this section, contact should always be made with the Local Authority Designated Officer without delay.

If it is decided that the allegation meets the threshold for safeguarding, this will take place in accordance with section 4.1 of the Hertfordshire Safeguarding Children Board Inter-agency Child Protection and Safeguarding Children Procedures.

If it is decided that the allegation does not meet the threshold for safeguarding, it will be handed back to the employer for consideration via the provisions internal procedures.

The Head Teacher should, as soon as possible, **following briefing** from the Local Authority Designated Officer inform the subject of the allegation.

For further information see:

HSCB Inter-agency Child Protection and Safeguarding Children Procedures (Electronic)
Section 4.1 Managing Allegations Against Adults who work with Children and Young People

Where a staff member feels unable to raise an issue with their employer/through the whistleblowing procedure or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them:

- Children's Services 0300 123 4043
- NSPCC whistleblowing helpline is available for staff who does not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk

Safer working practice

To reduce the risk of allegations, all staff should be aware of safer working practice and should be familiar with the guidance contained in the staff handbook code of conduct / staff behaviour policy and Safer Recruitment Consortium document ***Guidance for safer working practice for those working with children and young people in education settings (September 2015)*** available at

http://www.thegrid.org.uk/info/welfare/child_protection/allegations/safe.shtml

The document seeks to ensure that the responsibilities of school leaders towards children and staff are discharged by raising awareness of illegal, unsafe, unprofessional and unwise behaviour. This includes guidelines for staff on positive behaviour management in line with the ban on corporal punishment (School Standards and Framework Act 1998). Please see the provisions behaviour management policy for more information.

APPENDIX 5: ADDENDUM TO POLICY

The following additional information should be read in conjunction with the section, 'Peer on peer Abuse' on pages 12 and 13.

Staff should recognise that young people are capable of abusing their peers and should not be tolerated or passed off as "banter" or "part of growing up".

In order to minimise the risk of peer on peer abuse the provision:

- Provides a developmentally appropriate PSHEE curriculum which develops understanding of acceptable behaviour and keeping themselves safe.
- Have systems in place for any young person to raise concerns with staff, knowing that they will be listened to, believed and valued.
- Develop robust risk assessments where appropriate (e.g. Using the Risk Assessment Management Plan and Safety and Support Plan tools).
- Have relevant policies in place (e.g. behaviour policy).
